WHY BUSCH?

Certified B Corporation®

We are proud to be a part of a global movement of people using business as a force for good™

Experience

With 30+ years, we know our stuff and love to share it with you!

The Most Trusted

#1 rated recycling & waste container brand according to Trustpilot.

We strive to maximize

Recycled Content

in our containers!

Proudly made in

North America

Tailored By You

Customization is our middle name!

Consultation Services

Our certified Waste Diversion Specialists are in your corner.

Project Rise

A donation is made with every purchase!

Giving Back

We support local and national charities.

In an effort to produce a more sustainable catalog with fewer pages, we have intentionally not included all of our products here. Contact our sales team at 1-800-565-9931 or check out our website to see our full product line!

© PRINTED WITH ECO-CONSCIOUS INKS & PAPER

MISSION STATEMENT

To support everyone who cares about waste diversion with leading edge products and services that maximize the quantity and quality of their recycling program.

A MESSAGE FROM CRAIG BUSCH

Busch Systems® began in the early days of the recycling movement and the changes we have witnessed over our 35 years in the industry have been extraordinary. As the next generation seeks accountability to the significant environmental issues we are facing today, we are committed, more than ever, to supporting sustainable and conscious business choices.

We are therefore very proud to have recently become a Certified B Corporation®. B Corporations™ are businesses that meet the highest verified standards of social and environmental performance, transparency, and accountability. Becoming a B Corporation reaffirms our goals and provides an additional benchmark for our decisions, be it with our products, people or philanthropy efforts.

So what's in store for the future?

Look for the continued expansion of our product line including developments in recycled lumber and new, cutting-edge container designs. Our Consulting Team is conducting projects across the country and continues to offer informative, relevant industry content regularly. Project Rise, our environmental, customer-driven 'give-back' program has introduced new non-profits to add to the over 25k donated to date. All in all, the year ahead is full of exciting plans to share with our employees, clients and partners.

On behalf of all of us at Busch Systems®, we wish to thank you for being a part of our family for 35 years!

Craig Busch

Founder, President & Chief Design Officer

We're committed to doing business for the greater good—that's why we're proud to be a B Corp™.

A Certified B Corporation® since 2018, we're one of 3,585 companies across 74 countries and 150 industries redefining success in business. "We're honored to be a part of the B Corp community," says Craig Busch, President & CEO. "It lets us be bold about who we are and what we believe in—and to make greater impact in the world as a recycling & waste management industry leader." B Corporations voluntarily meet high criteria for social and environmental performance, accountability and transparency. We have committed to positively changing our business, assessing the work that we do and the way that we do it, to implement processes and practices that consider the impact our business has on all stakeholders – employees, customers, society and the environment.

With a longstanding commitment to making a positive impact, Busch Systems® is one of the largest equipment providers in the waste management industry to achieve B Corp™ certification. Others organizations in the B Corp™ community include Patagonia, Athleta, Allbirds and Veja. "Being a B Corp reminds our employees, our partners and our customers what we stand

for," says Craig. "It lets us put a stake in the ground around our purpose and practices, so we can truly turn business into a movement. We recognize that this is just the beginning and will continue to work hard to become a better business for ourselves, our community and for the future of our planet."

WHAT IS A CERTIFIED B CORPORATION™?

Certified B Corporations®, or B Corp™ for short, are for-profit companies that are third-party certified for reaching the highest levels of verified environmental and social responsibility. B Corporations are dedicated to using business as a force for good™.

WHO CERTIFIES B-CORPORATIONS?

The B-Lab is the non-profit behind the B Corp™ brand, which has created this global movement to use business as a force for good. They realized that our social and environmental problems cannot be solved by government and nonprofits alone, so they have brought together over 3500 corporations to date to aid in some of our social and environmental issues.

GO SERIES as part of the Prevent+ collection

- ULTIMATE CUSTOMIZATION - A smooth surface allows for customized labeling or branding. Choose from a variety of stocked colors to fit the needs of your program.
- QUALITY MATERIALS - Made from injection-molded plastic, this unit is durable, scratch-resistant and so easy to clean.
- QUICK AND EASY SHIPPING - Available in singles or packs of four, with next day shipping.
- SECURE & SEAMLESS WIPES DISPENSING - The wipes dispenser prevents airflow to keep wipes from drying out and features plastic teeth that meet the perforated edges of the wipes to help ensure only one wipe is dispensed per pull. This will eliminate contamination for unwanted wipes & encourages less waste.

XTRASAFE SERIES

as part of the **Prevent+⁺** collection

- **LIFETIME WARRANTY** - XtraSafe has been tested by running over 2,000,000 cycles to ensure top quality! With no sensors or complex parts to break down, the body is powder-coated, anodized aluminum and the nozzle, pump, and hardware are stainless steel.
- **COMPACT FOOTPRINT** - XtraSafe's compact design means it uses minimal amount of valuable floor space – only about one square foot! The base of the unit has three pre-drilled holes allowing it to be bolted down as needed.
- **5.5 LITRE CAPACITY** - XtraSafe is ready to sanitize over 3,500 pairs of hands. This makes it practical and convenient to use large size containers, which are proven to reduce plastic use by up to 60%.
- **WORKS WITH ANY TYPE OF SANITIZER** - XtraSafe performs equally well with gel, liquid, or foam sanitizers, regardless of the brand or viscosity of the solution you choose to use.
